FREE FIELD TEMPLATE

Drone flight log

One row per flight. Record actual times and the authorization each flight was flown under.

PILOT / ORGANIZATION	DEFAULT AIRCRAFT / ASSET ID	LOG PERIOD	SHEET

Date	Start time	Min.	Mission ID / type	General location	RPIC	VO / crew	Authorization LAANC / waiver	Battery ID	Light D / T / N	Lights on Y / N	Incident Y / N	Notes

Light: D = day, T = civil twilight, N = night. Twilight and night flights need anti-collision lighting visible for 3 statute miles. Incident: mark Y for any injury or damage and complete the UAScribe incident worksheet. Serious injury, loss of consciousness, or more than $500 of damage to other property must be reported to the FAA within 10 days.
